

Introducing the new Ronford Baker tripod carry case with wheels. The octagonal Tripod Case is designed to hold all Ronford Baker and other manufactures tripods and lighting stands etc. The cases are ergonomically designed with molded-in carrying handles on the side, and a tow handle on top. The tall case has integrated quite, smooth gliding wheels for easy transportation. They are manufactured from hard and durable roto molded polyethylene, and come fitted with internal foam on the base and lid, to help keep the equipment protected. Adjustable webbing strap with large quick release buckle. There is also space on the cases for owner/shipping labels.
